

Power House

A modular bulk storage and charging solution designed for the evolving workplace.

Configure to your needs. Scale with your growth.

Configurable

The modular design of the Power House delivers a charging and storage solution fit for your organization's unique needs.

Scalable

As your organization expands its use cases and number of connected workers, the Power House conveniently builds with you at your pace.

Ready to use out of the box. Plug in and go.

Design

Modules can be mounted on the wall or set on a flat surface. 10 Nymi Bands per station.
